

Menhir

Menhir is a massive typeface with a feeling of being carved into a very dense and rough matter. There is no curve in the design of the letters like in a cut stone sculpted with a primitive chisel.

The shape of this font face is very stocky due to low contrast between the caps height and lower cases height that have as well small ascender and descender heights.

The design concern of this font is to combine a minimalistic readable shape of letter with a brutalist aesthetic.

Designer : Vivien Gorse

The Sicilian Defence is a chess opening that begins with the following moves: 1. e4 c5. The Sicilian is the most popular and best-scoring response to White's first move 1.e4. Opening 1.d4 is a statistically more successful opening for White because of the high success rate of the Sicilian defence against 1.e4. New In Chess stated in its 2000 Yearbook that of the games in its database, White scored 56.1% in 296,200 games beginning 1.d4, but 54.1% in 349,855 games beginning 1.e4, mainly because the Sicilian held White to a 52.3% score in 145,996 games. Of all games between grandmasters 17%, and 25% of the games in the Chess Informant database, begin with the Sicilian. Grandmaster John Nunn attributes the Sicilian

20/22 pt

DEFENCE'S POPULARITY TO ITS "COMBATIVE NATURE": "IN MANY LINES BLACK IS PLAYING NOT JUST FOR EQUALITY, BUT FOR THE ADVANTAGE. THE DRAWBACK IS THAT WHITE OFTEN OBTAINS AN EARLY INITIATIVE, SO BLACK HAS TO TAKE CARE NOT TO FALL VICTIM TO A QUICK ATTACK." GRANDMASTER JONATHAN ROWSON CONSIDERED WHY THE SICILIAN IS THE MOST SUCCESSFUL RESPONSE TO 1.E4, EVEN THOUGH 1...C5 DEVELOPS NO PIECES AND THE PAWN ON C5 CONTROLS ONLY D4 AND B4. ROWSON WRITES: "TO MY MIND THERE IS QUITE A STRAIGHTFORWARD EXPLANATION. IN ORDER TO PROFIT FROM THE INITIATIVE GRANTED BY THE FIRST MOVE, WHITE HAS TO MAKE USE OF HIS OPPORTUNITY TO DO SOMETHING BEFORE BLACK HAS AN EQUAL NUMBER OF OPPORTUNITIES OF HIS OWN. HOWEVER, TO DO THIS, HE HAS TO MAKE 'CONTACT' WITH

Breedon on the Hill is a village and civil parish about 5 miles (8 km) north of Ashby-de-la-Zouch in North West Leicestershire, England. The parish adjoins the Derbyshire county boundary and the village is only about 2 miles (3 km) south of the Derbyshire town of Melbourne. The 2001 Census recorded a parish population (including Isley and Wilson) of 958 people in 404 households. The parish includes the hamlets of Tonge 1 mile (1.6 km) east of the village and Wilson 1.3 miles (2 km) north of the village on the county boundary. The population at the 2011 census (including Isley cum Langley and Langley Priory) was 1,029 in 450 households. Breedon is notable for its Carboniferous limestone hill that rises 122 metres (400 ft) above sea level

Memphis rap, also known as Memphis hip hop and in some forms Memphis horrorcore, is a regional subgenre of hip hop music that originated in Memphis, Tennessee in the early 1990s. The genre is characterized by its often low budget, repetitive production and its occasional lo-fi sound that also heavily utilizes the Roland TR-808 drum machine and minimal synth melodies, as well as double time flows and samples ranging from soul and funk to horror film scores and classical music, as well as hooks from songs by related rappers in the same genre, although DIY production without sampling is common as well. Early artists and groups

Vegemite is a thick, dark brown Australian food spread made from leftover brewers' yeast extract with various vegetable and spice additives. It was developed by Cyril Callister in Melbourne, Victoria in 1922. A spread for sandwiches, toast, crumpets and cracker biscuits as well as a filling for pastries, Vegemite is similar to British Marmite, New Zealand Marmite, Australian Promite, MightyMite, AussieMite,

The Berlin key (also known as, German, Schließzwangschlüssel, or, in English, forced-locking key) is a key for a type of door lock. It was designed to force people to close and lock their doors, usually a main entrance door or gate leading into a common yard or tenement block. The key was a solution to the problem of access via communal doors of such

20/22 pt
